

Cover Letter

Dear Hiring Manager,

I am writing to express my interest in the Full Stack MERN Developer position at your organization. I recently completed my Bachelor of Computer Applications (BCA) and have been developing my skills in the MERN Stack, including MySQL, MongoDB, Express.js, React.js, and Node.js.

I have built several hands-on projects, including a real-time chat application, an employee management system, and other full-stack web applications. Through these projects, I have gained practical experience in REST APIs, JWT Authentication, MySQL, MongoDB, Express.js, React.js, Git, and JavaScript. I enjoy solving problems, writing clean code, and continuously learning new technologies.

I am a quick learner, adaptable, and passionate about **web development**. I am eager to contribute my technical skills, enthusiasm, and dedication to your team while growing as a professional web developer.

I would welcome the opportunity to discuss how my skills and passion align with your organization's goals. Thank you for considering my application. I look forward to hearing from you.

Sincerely,

Arpit Yadav

MERN Stack Developer
